# Download an Android App

Step 1: Open the **Play Store** app which is located in your list of icons on your phone. It is represented by a shopping bag. You will need to sign into your G-Mail account to access this if you have one eg **example@gmail.com**

Step 2: The Play store will open with a list of icons as shown on the image to the right.

Step 3: Choose **Apps**.

Step 4: Within the Apps section, you can choose whether you want only free apps or paid apps or do a search for a particular type of app eg Tescos.

Step 5: Once you have chosen your app, tap the icon to choose it. If it is a free app, the information about the app will be shown with an 'Install' button. Tap on the **Install** button and then tap **Accept**.

Step 6: If the app is a paid for app, tap on the price showing against the app.
